

ZOOM CREATING AND DECORATING CHRISTMAS ORNAMENTS

DECEMBER 2020

Dear Witherspoon Members and Friends,

The second event for our 180TH ANNIVERSARY CELEBRATION event is a ZOOM CREATING AND DECORATING CHRISTMAS ORNAMENTS session.

I am one of the instructors for a Christmas ornament that will bring light and joy to your home.

You will be decorating one (or more) timer, LED candle. So if you are interested in this craft, here are the supplies that you will need:

- One or more LED flameless candle(s)
 - Candles that glow throughout the entire candle
 - Different sizes – 4”, 6”, 9” or a variety of sizes if you wish to decorate more than one
 - You may purchase the candles at Michaels, JoAnn’s or a store that you know has LED flameless candles
- Decorations
 - Sequin dots (ornament fillers if you purchase them at the Dollar Store)
 - Mini red and green bows (Dollar Store)
 - Glitter stickers (Dollar Store, Michaels, or a store that you select)
 - Other decorations that you select that will fit on a candle
- Supplies
 - If you wish to decorate a candle with sequins or sparkles purchase
 - Glue dots (at Jo Ann’s, Michaels)
 - If you get stickers that are not stick on purchase craft glue
 - Decoupage (it is like glue – a coating and finish for crafts)
 - If not Decoupage purchase a sealer called Mod Podge
 - Both sealers can be purchased at JoAnn’s or Michaels
 - Two small and medium sponge paint brushes
 - Can be purchased at Michaels
 - Wax paper or aluminum foil

Now you have all that is needed to make one (or more) decorative and original flameless candle(s)!

You will be SO PLEASED with your creation that you might want to make more for your home or for a gift. ENJOY!!!
